

As we prepare for the 2017-2018 flu season, please review the Keystone First billing instructions listed below:

Participating providers will be reimbursed for the administration of the seasonal flu vaccine to children and adults for the following procedure codes:

- 90630 – Influenza, quadrivalent (IIV4), split virus, preservative free, intradermal
- 90654 - Influenza, trivalent, split virus, 18-64 years, intradermal use, preservative free
- 90655 – Influenza, trivalent, split virus, 6-35 months, preservative free
- 90656 - Influenza, trivalent, split virus, 3 years and over, preservative free
- 90657 - Influenza, trivalent, split virus, 6-35 months
- 90658 - Influenza, trivalent, split virus, 3 years and older
- 90661 - Influenza, derived from cell cultures, subunit, preservative and antibiotic free, intramuscular
- 90662 - Influenza, split virus, 65 years and older, enhanced immunogenicity via increased antigen content, intramuscular use, preservative free
- 90673 - Influenza, quadrivalent, split virus, derived from recombinant DNA (RIV3), hemagglutinin (HA) protein only, preservative and antibiotic free, intramuscular
- 90674 – Influenza, quadrivalent (cclIV4), derived from cell cultures, subunit, preservative and antibiotic free, intramuscular use
- *90682* - Influenza, quadrivalent (RIV4), derived from recombinant DNA, hemagglutinin protein only, preservative and antibiotic free, intramuscular, 18 and over
***Payable when deemed medically necessary and billed with the appropriate egg allergy diagnosis code*
- 90685 – Influenza, quadrivalent, split virus, 6-35 months, preservative free, intramuscular
- 90686 - Influenza, quadrivalent, split virus, preservative free, 3 years and older, intramuscular
- 90687 - Influenza virus vaccine, quadrivalent, split virus, 6-35 months of age, intramuscular
- 90688 - Influenza virus vaccine, quadrivalent, split virus, 3 years and older, intramuscular

Note - Keystone First will follow the CDC’s Advisory Committee On Immunization Practices (ACIP) recommendation that live attenuated influenza vaccine (LAIV), also known as the “nasal spray” should not be used during the 2017-2018 flu season.

- ✓ Reimbursement for administration of seasonal flu vaccine to members over age 18 includes the cost of the vaccine.
- ✓ Providers administering seasonal flu vaccine to members over age 18 should obtain the vaccine and supplies from their regular vaccine supplier.
- ✓ Reimbursement for administration of seasonal flu vaccine to members 18 and under is an administration fee only.
- ✓ Seasonal flu vaccines for children (up to age 18) are provided free through the Pennsylvania Department of Health’s Vaccines for Children Program (VFC).
- ✓ Philadelphia County PCPs should contact the Philadelphia VFC Program. The program is administered by the Philadelphia Department of Public Health Division of Disease Control Immunization Program. (215-685-6728).
- ✓ Providers in all other Pennsylvania counties should contact the Pennsylvania Department of Health (1-888-646-6864).

***Reminder: Keystone First members (age 9 and older) can also be referred to their local participating pharmacy for flu vaccination.**
