

**Reminder – edits claims for gender-appropriate diagnoses codes**

As a reminder, Keystone First /Keystone First VIP Choice edits claims in compliance with current industry standards and national coding guidelines. This includes prepayment claims edits to ensure that gender-specific diagnosis codes align with the member's gender, as listed in our system.

**Please be aware that Keystone First/Keystone First VIP Choice expects to implement updates to gender-specific claims edits in our systems on 9/15/2018.**

Keystone First/Keystone First VIP Choice asks that you share this information with your billing staff and submit all claims in compliance with national coding guidelines. When submitting gender-specific diagnosis codes, please use those that are appropriate and that align with the member's gender, as listed in our system.

**If you have questions about this communication, please contact Provider Services department at 1-800-521-6007 or your Provider Network Account Executive.**
